

Job Role: SME Manager

Location: London, South East

Secgate is looking for a Security consultant who is passionate about building the best user experience and capabilities for clients.

The company is looking to:

- 1) Expand the current offering to Small & Medium Sized Enterprises (SMEs)
- 2) Work in association with different organisations to reach 1000's of SMEs in the South East.

As a SME Security Consultant you will be responsible for providing Information Security consultancy services to existing clients, promoting Secgate's services to prospective clients.

The successful candidate should have a great understanding of the technologies used by SMEs, ideally from an Information Security or IT background.

Key responsibilities include

- To understand the evolving market, competitive landscape and technology trends affecting small and medium enterprises.
- To provide subject matter expertise to clients in regards to threats, risks and remediation or mitigation measures around Information Security.
- Represent the brand in and assist in the preparation and delivery of public events.

Qualifications

- "Roll-up-your-sleeves" entrepreneurial, start-up attitude.
- 2 to 3 years' experience in Information Technology technical jobs or Information Security.
- Familiar with the concepts highlighted in the Government's 10 steps to security and the Security Essentials scheme.
- Excellent attention to detail.
- Capable of working in a team or unsupervised to the same level of quality.
- IT qualifications a must.
- Information Security qualifications preferred.
- Critical, creative and strategic thinking capability.
- Good presentation skills with experience in public speaking.
- Excellent interpersonal skills.
- Excellent communication skills and ability to synthesize and articulate complex concepts targeted at multiple Audiences.

Salary and Financial Package

£35000 to £50000 depending on experience + Performance Related Bonus

Location

London and South East Area.
